44 STANLEY
EAT | DRINK | WORK | SHOP

44 Stanley is an established precinct in Milpark on the edge of downtown Johannesburg. Converted in 2003 from derelict 1930s buildings, the precinct is a mixed-use development that blends downtown urbanism with subtle sophistication, being the first of its kind in Johannesburg. Comprising of a mixture of bespoke stores and independent restaurants, 44 Stanley provides a centre for authentic services such as dining experiences and shopping. Whether looking to grab a quick bite to eat or wishing to relax and enjoy an afternoon meal, the restaurants and bars here provide visitors with ample choice, each embodying the precinct's artsy laidback atmosphere.

With the majority of the shops and restaurants independently owned and stocking high quality, locally sourced products, the LTG judges felt 44 Stanley to be worthy winners of the Precinct of the Year award. Perfect for the artistic traveller, shoppers and international tourists, the precinct provides a unique and high-end destination to visit whilst in Johannesburg with shops ranging from vintage and collectable items to top fashion boutiques and art galleries. The additional scheduled events such as pop-up night markets, and the Friday specialities like late night shopping, music and entertainment, adds to 44 Stanley's distinctive ambience.
